Gibbons Fellows are actively involved in selecting the cases for the Fellowship's docket. Understanding that during your Fellowship, you may not actually work on cases presenting the issues you discuss, please identify two public interest or other legal issues that you think are important and, in as much detail as possible, explain how you would go about addressing them through the Fellowship. Please also explain why you think the Fellowship is an appropriate or desirable vehicle for addressing these issues. You may attach additional pages if necessary.
